

Inflation Risk Monitoring Report

Central Bank Training Simulation
Audience: Executive Committee, Monetary Policy, and Research
Reporting cycle: 2026-06 | Analysis year: 2026
Data source: T-SQL from m6.WEOCountryMacro
WEO publication date: 2026-04-14T13:00:00Z

Executive Summary

- Average country inflation is 7.5% in 2026.
- Median country inflation is 3.3%.
- 20 countries are at or above the 10.0% high-inflation monitoring threshold.

Mean Inflation

7.5%

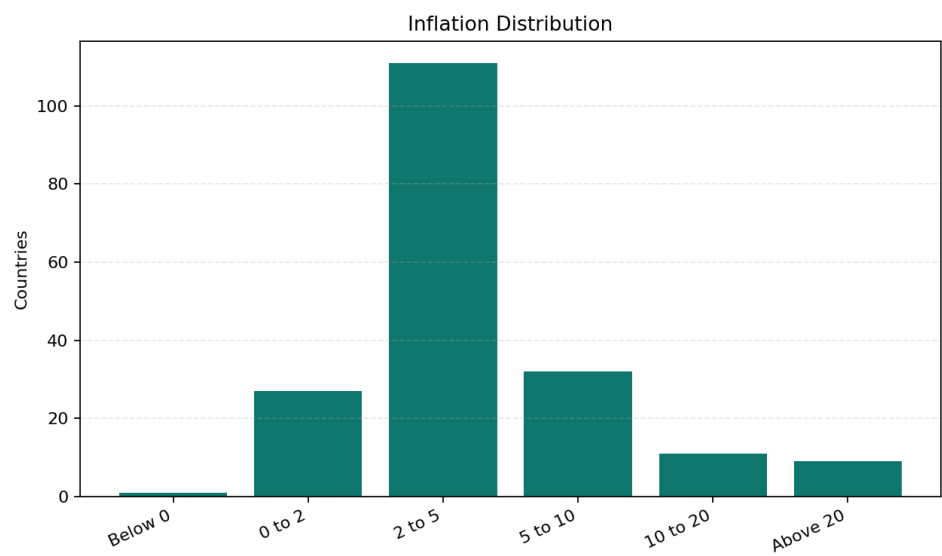

Median Inflation

3.3%

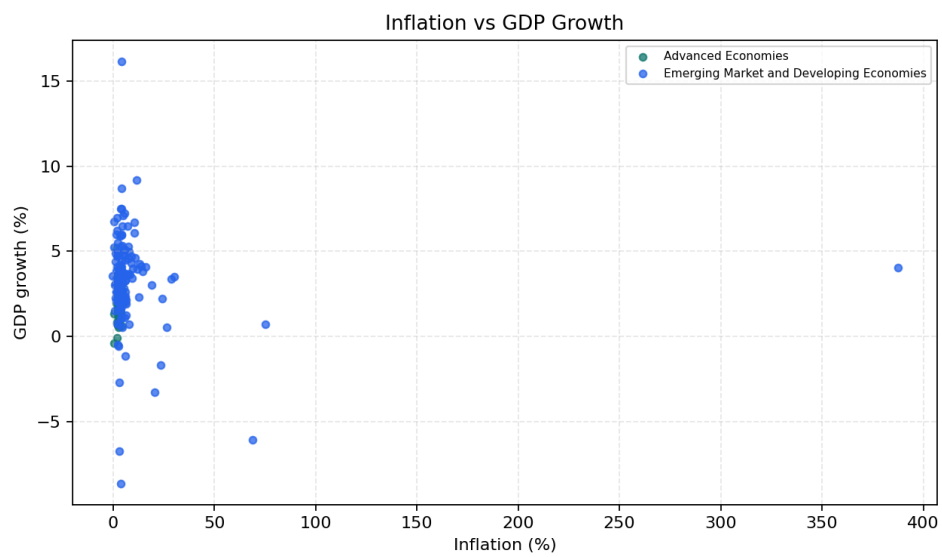

Above Threshold

20

Inflation Distribution

Inflation vs GDP Growth

Highest Inflation Readings

Monitoring threshold: 10.0%.

Country	Group	Inflation, %	GDP Growth, %
Venezuela, República Bolivariana de	Emerging Market and Developing Economies	387.4	4.0
Sudan	Emerging Market and Developing Economies	75.1	0.7
Iran, Islamic Republic of	Emerging Market and Developing Economies	68.9	-6.1
Argentina	Emerging Market and Developing Economies	30.4	3.5
Türkiye, Republic of	Emerging Market and Developing Economies	28.6	3.4
Yemen, Republic of	Emerging Market and Developing Economies	26.5	0.5
Malawi	Emerging Market and Developing Economies	24.4	2.2
Haiti	Emerging Market and Developing Economies	23.5	-1.7
Bolivia	Emerging Market and Developing Economies	20.7	-3.3
Myanmar	Emerging Market and Developing Economies	19.0	3.0
Nigeria	Emerging Market and Developing Economies	16.0	4.1
Burundi	Emerging Market and Developing Economies	14.5	3.8
South Sudan, Republic of	Emerging Market and Developing Economies	14.0	4.1
Egypt, Arab Republic of	Emerging Market and Developing Economies	13.2	4.2
Angola	Emerging Market and Developing Economies	12.9	2.3
